At the University of Leeds

The University of Leeds

The University of Leeds is one of the top ten research universities in the UK (Research Excellence Framework 2014), and is recognised worldwide for the quality of its teaching and research. Our courses are informed by the latest research and are taught by staff at the top of their fields.

With over 33,000 students, 24,000 at undergraduate level and more than 6,000 international students from 150 countries, the University of Leeds provides a culturally diverse and interesting environment in which to live and study.

Our single-site campus is on the edge of the city centre, a ten-minute walk from the heart of Leeds.

Our schools and departments offer a wide range of programmes that include both traditional and less widely taught subjects.

The excellent student experience the University offers was recognised in the Teaching Excellence Framework (TEF, 2017), where we achieved Gold, the highest rating.

We have all the facilities you'll need to support and enhance your academic studies. The University Library is one of the major academic research libraries in the UK. Four libraries on campus provide a variety of different working environments, including flexible group study areas and silent individual study spaces. And we have some of the best computing resources in the country.

The University has three sporting venues including The Edge, our flagship £13.5m indoor facility, with a swimming pool and state-of-the-art fitness suite.

Leeds University Union is one of only a few gold-accredited students' unions in the UK and is one of the best and most active. From the student advice centre, to shops, bars, clubs and over 300 student societies, it has everything necessary for life as a student.

"My experience at the University of Leeds was one I will always remember and treasure. I made great friends and Northern England is absolutely beautiful and stunning."

Makiyah Ruggieri-Vesey

"I loved all the possibilities that being in a big city offered and my studies at the School of Music enriched my Leeds experience even more. I had the chance to participate in new and exciting modules, such as film music, which I couldn't do at my home university."

Sophia Allef

"In my free time I often found people to cook with or explore the local scene with. Whether it was shopping downtown, grabbing a drink at the Union, or just having lunch around the corner there was always something to do and someone else who wanted to do it with you."

Ian Barnett

Journey to the heart of Yorkshire

Leeds is in Yorkshire, Northern England – a lively, multicultural city in the middle of Great Britain. It’s one of the largest financial and business services centres in the UK outside London, and a centre for culture and entertainment, with world-class art collections, several theatres and museums, and many bars and restaurants.

The city is one of the UK’s top shopping destination and boasts over two miles of traffic-free shopping and beautiful Victorian and Edwardian arcades, with shops of every kind. Leeds has a vibrant nightlife, with clubs and bars offering music for all tastes. There are lots of live music venues, including the University’s students’ union.

With over 60,000 students living within the city boundaries, there’s a real student focus. The city’s friendly atmosphere and comparative affordability make it an ideal place to live and learn for a semester or a year.

Its central location makes Leeds a perfect starting point for trips to London, Manchester or Edinburgh, and the city is well connected to the rest of the UK by affordable and extensive coach and rail services.

Leeds Bradford Airport is only 30 minutes away from the University and provides regular flights to cities across Europe. Paris or Amsterdam are only 90 minutes away from the airport.

Leeds is one of the UK’s greenest cities, with more than 4,000 hectares of green space. You’ll find many areas of natural beauty and interest around the city, such as Roundhay Park, Temple Newsam, Harewood House and Kirkstall Abbey.

The Yorkshire Dales, Peak District and Lake District national parks are all within easy reach of Leeds, and historic locations like York, Harrogate, Haworth and Scarborough are just a day trip away.

Entry requirements

Entry requirements

Applicants should have a minimum GPA 3.0 or B average or equivalent at their home institution. Some subject areas will expect to see a portfolio of work before accepting applicants onto particular modules, for example Studio Art and Design.

Language requirements

Some applicants may be required to submit evidence of their level of English language. The entry requirement is IELTS 6.0 (overall), with 5.5 in each component, or equivalent qualification.

However some teaching schools have higher language requirements (IELTS 6.5 overall with 6.0 in each component or equivalent qualification), including Business, English, Fine Art, History of Art and Cultural Studies, Linguistics, Law, Media and Communication, Philosophy, Politics and International Studies.

Full details about language requirements and English language courses can be found at:

English language programme and Study Abroad/Exchange

Applicants who want to take an English language course before their semester or year of study should apply via the Study Abroad Office for a combined English Language and Study Abroad Programme. Applicants may be required to submit a Secure English Language Test certificate and may be restricted to Level 1 and 2 modules during their semester or year of study. Applicants study English in the Language Centre for 6, 10 or 20 weeks and then complete a semester or year of regular modules. There are a number of entry points depending on the academic calendar at your home institution and your level of English.

Applicants meeting the English language requirements but wishing to improve their English can also take English language modules at the Language Centre during their regular semester or year of study.
